

Planning and Tender Datasets

Cordell's Planning and Tender datasets include an extensive range of new projects including rezoning, building applications, building approvals, contracts under negotiation, and calls for tenders. It also identifies where sites are being prepared, where construction has commenced and much more.

Data is available covering all planning, tenders and construction within a set geographic area, or you can tailor your solution to niche subsets which can be delivered nationally, or within smaller defined territories.

- ▶ Early warning
- ▶ Exploration, drilling, survey & assessments
- ▶ **Early Planning**
 - Or subsets available as
 - ◆ Early Planning
